CONSENT DECREE

I. BACKGROUND

A. The United States of America ("United States"), on behalf of the Administrator of the United States Environmental Protection Agency ("EPA"), filed a complaint in this matter pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9607, as amended ("CERCLA"), seeking, *inter alia*, reimbursement of costs incurred by EPA and the United States Department of Justice ("DOJ") in responding to the release and/or threatened release of hazardous substances at the United Scrap Lead Superfund Site in Concord Township, Miami County, Ohio (the "Site"), together with accrued interest.

B. Pursuant to CERCLA Section 105, 42 U.S.C. § 9605, EPA placed the Site on the National Priorities List, set forth at 40 C.F.R. Part 300, Appendix B, by publication in the *Federal Register* of September 21, 1984 (49 Fed. Reg. 37,070).

C. In response to a release or a threat of a release of a hazardous substance at or from the Site, EPA, pursuant to 40 C.F.R. § 300.430, completed a Remedial Investigation ("RI") Report in February 1988, and completed a Feasibility Study ("FS") Report in August 1988.

D. Pursuant to CERCLA Section 117, 42 U.S.C. § 9617, EPA published notice of the completion of the FS and of the proposed plan for remedial action on August 29, 1988, in a major local newspaper of general circulation. EPA also published notice of the proposed plan for the amended remedial action on January 27, 1997, in a major local newspaper of general circulation. EPA provided an opportunity for written and oral comments from the public on both the proposed original and amended plans for remedial action, and conducted public meetings to discuss the proposed remedial plans and obtain public comments. Copies of the transcripts of each public meeting are available to the public as part of the administrative record upon which the Regional Administrator based the selection of the response action.

E. In 1988, EPA selected a remedial action plan for the Site, which was embodied in a Record of Decision ("ROD") signed by the Regional Administrator on September 30, 1988. The ROD was amended on June 27, 1997.

F. In 1991, EPA and certain parties entered into an Administrative Order on Consent which required the performance of certain response actions at the Site, including the installation of a fence. The respondents to the Administrative Order have satisfactorily performed the response actions required under that Order in a manner consistent with the National Contingency Plan ("NCP") and have satisfied all of the provisions of the Order.

G. The United States reached a separate settlement in this case with several of the Potentially Responsible Parties ("PRPs") for the Site (herein referred to as the "Initial Settlement"), pursuant to which they have agreed to perform the Remedial Design/Remedial Action at the Site with EPA oversight and approval. This Initial Settlement is embodied in a Consent Decree entered by the court on September 28, 1998. The signatory defendants to the Initial Settlement, who are identified individually in Appendix C, shall herein be referred to as the "Respondent Group."

H. In August 1998, the Court granted the Respondent Group's motion to join new defendants in the United States' cost recovery action pursuant to Fed. R. Civ. P. 20. Pursuant to the Second Case Management Order entered by the Court on September 15, 1998, the Plaintiff's Complaint and the contribution cross-claims later filed by the Respondent Group were deemed to be asserted against each new defendant. U.S. consented to joinder as defendants of thirty-five of the other PRPs sued by the Respondent Group, including certain defendants joining in this Consent Decree. At the Court's direction, on September 28, 2001, the Respondent Group filed formal claims against these PRPs seeking contribution toward the cleanup pursuant to Section 113(f)(1), 42 U.S.C. § 9613(f).

I. The United States and the Respondent Group have previously settled with a number of Defendants in Consent Decrees entered in this case on April 10, 2000 and on June 19, 2002, respectively.

J. The Settling Defendants that have entered into this Consent Decree ("Settling Defendants"), listed at Appendix A to this Consent Decree, do not admit any liability to Plaintiff or to the Respondent Group arising out of any alleged transactions or occurrences at the Site.

J. The United States, the Respondent Group, and the Settling Defendants agree, and this Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith, that settlement of this matter will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

THEREFORE, with the consent of the Parties to this Decree, it is ORDERED, ADJUDGED, AND DECREED:

II. JURISDICTION

VII. CERTIFICATIONS BY SETTLING DEFENDANTS

11. In order to induce the Plaintiff to enter into this settlement, each Settling Defendant by its signature hereto, affirms, to the best of its knowledge and belief, the following:

- a. Settling Defendant has conducted a thorough, comprehensive, good faith search for, and has fully and accurately disclosed to EPA, all information currently in the possession, custody or control of it or its officers, directors, employees, contractors or agents, that relates in any way to the ownership, operation or control of the Site, or to the ownership, possession, generation, treatment, transportation, storage or disposal of a hazardous substance, pollutant or contaminant at or in connection with the Site;

- c. Settling Defendant has fully complied with any and all EPA requests for information regarding the Site pursuant to Sections 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e);
- d. Settling Defendant has provided to EPA all material information of which it is aware relating to its finances, assets, insurance coverage, and all other matters related to the Settling Defendant's resources available to reimburse the Plaintiff's and the Respondent Group's response costs at the Site;
- e. The information described in Subparagraphs a, c, and d above is true and accurate; and
- f. Settling Defendant neither possesses or knows of any other documents or information that would suggest that it has in its possession, custody or control, other assets, income or any interests at all in property of any kind that could be used to reimburse the EPA Hazardous Substances Superfund or the Respondent Group for response costs incurred or to be incurred at the Site.

VIII. COVENANT NOT TO SUE BY PLAINTIFF

12. Covenant Not to Sue by United States. Except as specifically provided in Paragraph 13 (Reservation of Rights by United States), the United States covenants not to sue Settling Defendants pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), with respect to the Site. This covenant not to sue shall take effect as to a Settling Defendant upon receipt of all payments required of that Settling Defendant by Section V, Paragraphs 4 (Payment of Past Response Costs to the EPA Hazardous Substance Superfund) and 5 (Payment of Costs to the Respondent Group) and Section VI, Paragraphs 6 (Interest on Late Payments) and 7 (Stipulated Penalty). This covenant not to sue is conditioned upon the satisfactory performance by Settling Defendants of their respective obligations under this Consent Decree. This covenant not to sue extends only to Settling Defendants and does not extend to any other person.

13. Reservation of Rights by United States. The covenant not to sue set forth in Paragraph 12 does not pertain to any matters other than those expressly specified therein. The United States reserves, and this Consent Decree is without prejudice to, all rights against Settling Defendants with respect to all other matters, including but not limited to:

- a. liability for failure of Settling Defendants to meet a requirement of this Consent Decree;
- b. criminal liability; and
- c. liability for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments.

d. liability arising from any future arrangement for disposal or treatment of a hazardous substance, pollutant or contaminant at the Site after the effective date of this Consent Decree.

14. The covenant set forth in Paragraph 12 is contingent upon the veracity of the certifications made by the Settling Defendants in Paragraph 11 herein. Any misrepresentation, misstatement or material omission by the Settling Defendants in the certification made in Paragraph 11, upon written notice by the United States to the Settling Defendants, renders the covenant not to sue void. Following the voiding of any covenant not to sue pursuant to this Paragraph, in any action brought by the United States against the Settling Defendants, Settling Defendants shall not raise any defenses based in whole or in part on the time elapsed between the entry of this Consent Decree and the commencement of such action by the United States, including but not limited to defenses based upon any statute of limitations, laches, waiver, estoppel, or lack of jurisdiction.

IX. COVENANT NOT TO SUE BY SETTLING DEFENDANTS

15. Settling Defendants covenant not to sue and agree not to assert any claims or causes of action against the United States, or its contractors or employees, with respect to the Site or this Consent Decree, including but not limited to:

a. any direct or indirect claim for reimbursement from the Hazardous Substance Superfund based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;

b. any claim arising out of response actions at the Site; and

c. any claim against the United States pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, relating to the Site.

16. Settling Defendants covenant not to sue and agree not to assert any claims or causes of action against any previously settling party in this matter, including the Respondent Group and its contractors, with respect to the Site or this Consent Decree, including but not limited to:

a. any claim arising out of response actions at the Site; and

b. any claim against the Respondent Group or any previously settling party pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, relating to the Site.

17. Settling Defendants agree not to assert any claims and to waive all claims or causes of action that they may have for all matters relating to the Site, including for contribution, against any person where the person's liability to Settling Defendants with respect to the Site is based solely on having arranged for disposal or treatment, or for transport for disposal or treatment, of hazardous substances at the Site, or having accepted for transport for disposal or treatment of hazardous substances at the Site, if all or part of the disposal, treatment, or transport occurred

before April 1, 2001, and the total amount of material containing hazardous substances contributed by such person to the Site was less than 110 gallons of liquid materials or 200 pounds of solid materials. This waiver shall not apply with respect to any defense, claim, or cause of action that a Settling Defendant may have against any person meeting the above criteria if such person asserts a claim or cause of action relating to the Site against such Settling Defendant. This waiver also shall not apply to any claim or cause of action against any person meeting the above criteria if EPA determines:

a. that such person has failed to comply with any EPA requests for information or administrative subpoenas issued pursuant to Section 104(e) or 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) or 9622(e), or Section 3007 of the Solid Waste Disposal Act (also known as the Resource Conservation and Recovery Act or "RCRA"), 42 U.S.C. § 6927, or has impeded or is impeding, through action or inaction, the performance of a response action or natural resource restoration with respect to the Site, or has been convicted of a criminal violation for the conduct to which this waiver would apply and that conviction has not been vitiated on appeal or otherwise; or

b. that the materials containing hazardous substances contributed to the Site by such person have contributed significantly, or could contribute significantly, either individually or in the aggregate, to the cost of response action or natural resource restoration at the Site.]

18. Nothing in this Consent Decree shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. 300.700(d).

X. COVENANT NOT TO SUE BY RESPONDENT GROUP

19. The Respondent Group covenants not to sue Settling Defendants pursuant to Section 107(a) or Section 113 of CERCLA, 42 U.S.C. §§ 9607(a) and 9613, with respect to the Site. This covenant not to sue shall take effect as to a Settling Defendant upon receipt of all payments required of that Settling Defendant by Section V, Paragraph 5 (Payment of Costs to the Respondent Group) and Section VI, Paragraph 6 (Interest on Late Payments). This covenant not to sue is conditioned upon the satisfactory performance by Settling Defendants of their respective obligations under this Consent Decree. This covenant not to sue extends only to Settling Defendants and does not extend to any other person.

XI. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION

20. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. Except as provided in Paragraphs 16 and 17, the Parties expressly reserve any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action that they may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

21. The Parties agree, and by entering this Consent Decree this Court finds, that Settling Defendants are entitled, as of the effective date of this Consent Decree, to protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), for "matters addressed" in this Consent Decree. For purposes of this Section, and except as provided in Paragraph 13, the "matters addressed" in this Consent Decree shall be Settling Defendants' liability pursuant to CERCLA for Response Costs incurred or to be incurred by the United States, or by any other potentially responsible person with respect to the Site.

22. Each Settling Defendant agrees that, with respect to any suit or claim for contribution brought by it for matters related to this Consent Decree, it will notify EPA and DOJ in writing no later than 60 days prior to the initiation of such suit or claim. Each Settling Defendant also agrees that, with respect to any suit or claim for contribution brought against it for matters related to this Consent Decree, it will notify EPA and DOJ in writing within 10 days of service of the complaint or claim upon it. In addition, each Settling Defendant shall notify EPA and DOJ within 10 days of service or receipt of any Motion for Summary Judgment, and within 10 days of receipt of any order from a court setting a case for trial, for matters related to this Consent Decree.

23. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of response costs, or other relief relating to the Site, Settling Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, *res judicata*, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the Covenant Not to Sue by Plaintiff set forth in Section VIII.

24. This Consent Decree shall not alter in any way the terms and conditions of the Initial Settlement which shall remain in full force and effect, except to the extent that Paragraph 19 of this Consent Decree modifies Paragraph 99 of the Initial Settlement.

XII. NOTICES AND SUBMISSIONS

25. Whenever, under the terms of this Consent Decree, notice is required to be given or a document is required to be sent by one party to another, it shall be directed to the individuals at the addresses specified below, unless those individuals or their successors give notice of a change to the other Parties in writing.
